**free
workshops**

Join local artist Sharon Kallis for a hands-on workshop to create woven sculptures for the CRAB Park marsh pond. These forms will serve as perches and nesting locations for park birds. Learn about the plants and wildlife of CRAB Park while helping to make this small eco-system more livable for birds in the DTES. No experience necessary. Basic weaving techniques taught. Additional workshops will be held during the summer to complete the installation of NEST.
